I saw the news about yesterday closing and send to our friends .
 I think what Your lawer said quit convinced but jury maybe under some invisible pressure, cannot made the decision of their own, but every one will know you are not guilty, justice is in the people heart, deep down the heart everyone knew it's not a simple law litigation, something else controlling your case.
 You did a good job, but you have been suffered a lot, we all know that.
 Please let go your burdens now , there's nothing we can do, we still alive, we still can breath, no matter what come out today, take it peacefully.
 Justice and righteousness in the human heart.
 Don't be too sad, sad one day enough, I told myself every day that. We need to go on our life, as long as we can breath, we still have chance .
 There's always have hope, don't give up, hope maybe not around us, but I am sure not far away from us .
 Be patient and calm, that's the things we can do. Do whatever we can.

 I am sad to hear master was so sad and cried.
 I shall try calling you again Monday morning your time (tonight my time), if I can get to the phone. It will be Monday morning
 around 8-10am your time (and Sunday evening my time). Keep your phone open and ready Monday morning please..
 I am prepared for the worst, so must you also.
 Please tell A that her father is a honest man and I hope she will not feel
 ashamed of me. Please help her to stay firm again pressure, if any, from school and classmates and friends.
 She should walk with her head held up high
 The prospect looks very bad, and only a miracle can help.
 It is not only staying in here (living environment) that is bad, it is the insult and destruction of my character
 and humiliation that is hard to bear.
 Hope to talk to you later.
